

**For all your rental property
safety and compliance needs.**

Pool Compliance Checks by RentSafe

It is now Victorian law to have the barrier inspected on pools and spas, and a compliance certificate issued and handed to council.

RentSafe's Pool Compliance Check makes this process easy and simple - water safety and compliance is our number 1 priority.

Whilst most pool and spa owners believe that their barrier is compliant, industry data indicate that as many as 80% are not.

Don't take the risk.

Book with RentSafe.
